

WOODGRAIN COLLECTIONS

**FORESTSCAPES HPD™ - LEGACY**

Forestscapes HPD collection of commercial woodgrain resilient sheet was designed to offer your favorite traditional wood looks from our most tenured Teknoflor® collection in a modern composition made of 100% virgin vinyl and clean PVC and free of phthalates. Our hardest working floor is now even tougher and more thoughtfully made to meet your standards and exceed your expectations for a beautiful, clean wood look to last for years to come.

**FORESTSCAPES HPD™ - MODERN**

Forestscapes HPD collection of commercial woodgrain resilient sheet was designed to offer your favorite traditional wood looks from our most tenured Teknoflor® collection in a modern composition and design made of 100% virgin vinyl and clean PVC and free of phthalates. Our hardest working floor is now even tougher and more thoughtfully made to meet your standards and exceed your expectations for a beautiful, clean wood look to last for years to come.

**COASTALSCAPES HPD™**

Coastalscapes HPD Commercial Resilient Sheet Flooring was named as a testimony to its purpose: high performance design with superior wood visuals. As one of the most realistic woodgrain resilient sheet floors available today, Coastalscapes HPD was designed to mirror the wood plank floors of years past with a composition made to function with today's priorities: 100% Virgin PVC and no outside recycled content or phthalates.

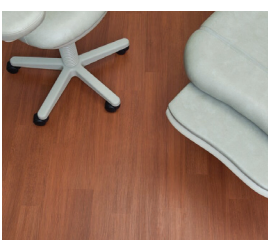

**TIMBERSCAPES™**

This durable woodgrained resilient sheet vinyl is the ideal flooring solution for projects that require a rich, warm appearance on a restrictive budget. Timberscape's low maintenance surface delivers a flooring system that meets the needs of a variety of industries, features fiberglass reinforcement for excellent dimensional stability and is backed by a powerful 12-year warranty. A great floor that delivers an equally great value.

**NATURESCAPES HPD™**

Naturescapes HPD is the brand's first luxury organic sheet good made from a bio-polyurethane processed from castor oil. This resilient sheet flooring product has all the advantages of resilient sheet vinyl: durability, easy maintenance and versatility but without the vinyl. The product offers twenty-four beautiful designs in three distinct styles that can be used independently or together.

**PLANK YOU VERY MUCH™**

One of the most realistic woodgrained resilient sheet floors available today, Plank You Very Much was specially designed to mirror the wood plank floors of years past. Short planks were removed in favor of longer plank lengths and clear graining to create a cleaner, more linear look. Plank You Very Much compliments cabinetry and other room finishes perfectly.

## ABSTRACT COLLECTIONS

### NATURESCAPES HPD™

Naturescapes HPD is the brand's first luxury organic sheet good made from a bio-polyurethane processed from castor oil. This resilient sheet flooring product has all the advantages of resilient sheet vinyl: durability, easy maintenance and versatility but without the vinyl. The product offers twenty-four beautiful designs in three distinct styles that can be used independently or together.

### URBANSAPES HPD™

Urbanscapes HPD™ Commercial Resilient Sheet Flooring brings both stylish, modern design and superior composition to the TEKNOFLOR® brand of commercial sheet flooring. Carrying the brand's trademark, No Wax, No Buff features, Urbanscapes HPD™ is made of 100% virgin vinyl and without any phthalates. Used as a complementary product or as the star of the show, its versatility and beauty are sure to impress!

### DESIGNSCAPES HPD™

Forestscapes HPD collection of commercial woodgrain resilient sheet was designed to offer your favorite traditional wood looks from our most tenured Teknoflor® collection in a modern composition made of 100% virgin vinyl and clean PVC and free of phthalates. Our hardest working floor is now even tougher and more thoughtfully made to meet your standards and exceed your expectations for a beautiful, clean wood look to last for years to come.

### CLASSIC CUT HPD™

Classic Cut HPD™ resilient sheet features a traditional linen design and can be used independently or combined with other 2.3mm products for classic designs with creative flair. Classic Cut™'s no wax, no buff, 100% virgin vinyl construction provides the product with unmatched durability, performance and beauty. In addition, it's 12-Year Warranty ensures that your Teknoflor floor is as durable as it is beautiful.

### MOUNTAINSCAPES™

Our Mountainscapes collection features attractive aspects of nature in a classic linoleum look. The result is a beautiful floor that pays homage to its retro inspiration while fully embracing the advanced Teknoflor technology that propels it into the modern era. An advanced flooring system that is as unique as it is durable and functional.

### MOONSCAPES™

Our Moonscapes non-directional resilient sheet is one of the most durable and maintenance-free surfaces in the market today. This collection makes it easy to coordinate your floor options with fabrics, wall coverings and furniture in hospitals, nursing homes, offices and hospitality settings.

# TEKNOFLOR® | HOMOGENEOUS SHEET + TILE

## MEDSCAPES HPD™ v2

Medscapes HPD v2 Homogeneous Sheet brings a new sense of beauty and performance and a true through-pattern construction to the Teknoflor brand of commercial sheet flooring. Carrying the brand's trademark, No Wax, No Buff features, Medscapes HPD v2 Homogeneous Sheet Vinyl is made of 100% virgin vinyl, is phthalate-free and stands tough against stains, scratches and chemicals. This second version of Medscapes HPD brings a cleaner, less dramatic chip design and more durable construction.

## CS SHEET + TILE HPD™

CS Collection of homogeneous, environmental polymer resilient sheet and coordinating tile is a new generation of natural, responsible and durable floor design. Developed with ENOMER, a unique synthesized blend of high performance, clean polymers that is free from pvc, plasticizers, phthalates, halogens, chlorine and heavy metals, both CS sheet and CS tile have all of the benefits of vinyl, but without it. The collection offers exceptional durability and performance with transparent and sustainable materials.

# TEKNOFLOR® | CHLORINE-FREE PRODUCTS

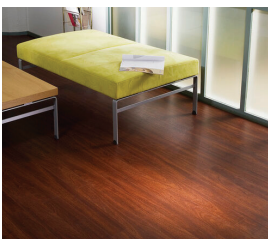

## NATURESCAPES HPD™ + NATURE'S TILE HPD™

Naturescapes and Nature's Tile, chlorine-free, coordinating sheet and tile are made from bio-polyurethane processed from castor oil. These resilient sheet and tile products have all the advantages of vinyl: durability, easy maintenance and versatility but without the vinyl. The product offers twenty-four beautiful designs in three distinct styles that can be used independently or together.

## CS SHEET + TILE HPD™

CS Collection of homogeneous, environmental polymer resilient sheet and coordinating tile is a new generation of natural, responsible and durable floor design. Developed with ENOMER, a unique synthesized blend of high performance, clean polymers that is free from pvc, plasticizers, phthalates, halogens, chlorine and heavy metals, both CS sheet and CS tile have all of the benefits of vinyl, but without it. The collection offers exceptional durability and performance with transparent and sustainable materials.

## LT PLANK™

Coupled with the warmth of its natural wood design, LT Plank Collection offers a clean design developed with ENOMER, manufactured from a blend of pure thermoplastic polymers and natural minerals with 10 styles to choose from. Its unique heterogeneous construction eliminates any requirement for additional polishes and finishes while maintaining exceptional durability and performance. With LT Planks, you can be confident in a natural, clean style sure to suit all environments.

## WOODGRAIN COLLECTIONS

### RARE PLANK HPD™ - MADE IN AMERICA!

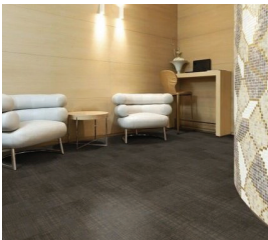

Rare Plank HPD Luxury Vinyl Plank is designed to offer the look of real wood in a durable, modern and low-maintenance design. Twenty-two traditional, realistic wood visuals are now available in 7.09" x 47.24" planks that are made from 100% virgin vinyl, which means they are free of phthalate plasticizers. The planks stand true to the Teknoflor brand's signature low-maintenance qualities, requiring No Wax and No Buff.

### WOODLAND PATH™

Nothing compares to the warm and welcoming appearance of real wood – unless it's Woodland Path Luxury Vinyl Plank flooring. Nano-Silver technology is added to the floor's surface layer. And true to its name, Woodland Path is available in a wide selection of handsome wood species, ensuring a beautiful foundation for any setting.

## ABSTRACT COLLECTIONS

### ICON TILE HPD™ - MADE IN AMERICA!

Icon Tile HPD™ was designed to bring a new dimension of design to any commercial setting. The line hosts 22 skus in three distinct and beautiful visuals for countless design options. Constructed and designed to coordinate with your favorite wood looks, its 2.5mm thickness will sit next to our Forest Plank HPD or our resilient sheet products without the need for a transition strip.

### THINK AHEAD™

Designed to re-invent the way we look at flooring, Think Ahead includes vibrant and inspiring designs that are constructed to uphold the heaviest of traffic with true durability and stays true to the "No Wax, No Buff" features. Think Ahead combines exceptional beauty, durable performance and complementary designs in eight unique styles. Think Ahead is made of 100% virgin PVC vinyl, non-phthalate plasticizers and is free of heavy metals.
